DC,

I want to make you aware of an incident between [REDACTED] & CPD SGt. K. Crok while [REDACTED] was off duty.

It appears to be a road rage incident where the off-duty sergeant followed [REDACTED] to her residence and took down her license plate number. On the following day, the CPD sergeant arrived at [REDACTED] home with another officer both who were on duty. The sergeant knocked on [REDACTED] door and informed her that he had issued her a citation for an expired tag. He also stated that he would get her fired from her job. [REDACTED] filed a CR against the sergeant. **It appears that the sergeant contacted 2nd Watch supervisors on Sunday. Today, I received a call from Lt. Disandro stating that the CPD sergeant had contacted Midway also. Lt. Disandro passed on the CPD sergeant's contact info to me.**
